

# Network 9 (Indiana, Kentucky, and Ohio) Dialysis Community Joint Training Session

*Hosted by KCER & the ESRD Network*

**Wednesday, September 24, 2025**

**11:00 a.m. ET**

Disasters are unpredictable—your response should not be. Join the Kidney Community Emergency Response (KCER) and End Stage Renal Disease (ESRD) Network for a dynamic training session tailored to dialysis facilities. This one-hour session will cover lessons from recent disasters, strengthen preparedness efforts, and introduce the new standardized disaster reporting system, the ESRD Quality Reporting System (EQRS) Emergency Module, designed to streamline reporting, communication, and support during disasters.

- Learn how to report swiftly and accurately.
- Connect with KCER and ESRD Network experts.
- Get tools to protect your patients and facilities.

## Register Now!

1. [Click here](#) to register.
2. Click the **register** button at the top of the page.
3. Enter information on the registration form.
4. Click the **submit** button at the bottom of the page.

The KCER team will send a meeting confirmation to the email address provided during registration.

This event is open to all Indiana, Kentucky, and Ohio dialysis providers and professionals in the fields of emergency management, public health (ESF-8), healthcare coalitions, and additional federal, state, and local stakeholders responsible for disaster response and recovery.
